

Cutoff Saw

For cutting male and female headers with and without breakaway slots.

Quick and easy set up for various sizes.

Stop with adjustment markers, and additional line tuning adjustment knob for header lengths of 1 to 32 pins.

Hold down clamp for exact and sure positioning.

DC motor with speed regulator for optimal cutting efficiency.

Adjustable lead in slot for feed in positioning of plastic header body.

Rugged construction for precise cutting and long life.

5 position counter for keeping track of the number of components cut.

Sawblade material: HSS
 Outer Dia: 63 mm
 Thickness: 0,25 mm
 Size of cut:
 Max width: 12 mm
 Max height: 8 mm
 Length of component cut: 1 – 32 pin
 Grid spacing: 2,54 mm (0,1")
 Power source: 110/220 V~+15 – 10%
 50 – 60 Hz

Fuses for 220V: 1 A medium time lag
 110V: 2 A medium time lag
 24V: 4 A time lag
 Operating Temperature: 10 – 35° C
 Weight: 8,5 kg

Description	Order No.
Cutoff Saw	8930100
Saw Blade	8930101

Delivery contents:
 strip saw
 collecting box
 instruction of use
 power cable
 blade HSS
 set of wrench
